Dear Sir:

Good day!

In the ensuing DOH National Campaign about COVID-19 and mass vaccination awareness, the Medical Services Department is having a webinar entitled "COVID-19: Updates and Vaccines" on July 21, 2021, from 9:00am to 11:00am. The speaker of the said activity is the undersigned. This will enlighten the participants further regarding evolution of SARS-CoV-2 virus, which is the causative agent of COVID-19, and how vaccines work to achieve population immunity.

This Medical project has been made possible with the help of the different student organizations.

For this activity to be well-served, I hope most if not everyone (students, faculty and administrative staff) can attend.

The department will request the participation of our Barangay community, so that we can extend to them the opportunity of this COVID-19 awareness campaign.

Attached herewith is a concept paper for your perusal.

Thank you for your time. The Medical Department is hoping for your support on this matter.

Respectfully yours,

MELISSA SARAGUDDIN, M.D.
Branch Physician
